

Mecfor's quality policy is to ensure that all products and services offered meet customers' expectations and needs.

Our objective is to design and produce reliable industrial equipment, do their start-up and take care of the after-sale service. Mecfor abides by budgets and delivery dates.

Mecfor's commitment to fulfill client's needs is spread from top to bottom. Everyone in the company is responsible for the quality of products and service delivered and has the resources to offer high standards.

Mecfor Management endorses to continuously works towards improving the efficiency of our Quality Management system.

To realise our quality objectives, each employee is committed to:

- Not to accept compromise when it comes to the quality;
- Listen and respect needs expressed by our clients;
- To design, manufacture and commission equipment in accordance with client's expectations; and
- To make sure that our client's satisfaction has been reached.
